You Are Invited
To
Licking County's

Wagon Train Events

June 30 - July 3, 2003

The Bicentennial Wagon Train will travel through 10 counties primarily along the historic National Road, today U. S. 40, one of America's most scenic byways.

Licking County is commemorating Ohio's Bicentennial through a series of extraordinary events. These major events showcase Licking County's pioneering spirit and creates a legacy for future generations.

Along the way, participants will have opportunities to celebrate significant people, places and events in Ohio history, to appreciate the transportation legacy of Ohio and take part in community celebrations. The train will be an all-encompassing experience for those who participate, combining education, history and fun as it captures the pioneering spirit of the early settlement of Ohio.

The Licking County Bicentennial Bell will be on display throughout the wagon train event (weather permitting). You may purchase a replica bell at all Licking County event locations or any Park National Bank. Bring a lawn chair and enjoy a variety of Historic Craft Presentations.
